Dear Parents/Guardians,

As you are aware, our school prioritizes student safety above all else. In line with the **Safe Vaahan Policy**, we regularly verify documents such as Driver's Licenses, Vehicle Registration Certificates (RC), Insurance, and Vehicle Fitness Certificates for all the vehicles hired / engaged by you.

Unfortunately, we've noticed that several vehicles carrying your children do not meet the prescribed safety norms. We strongly advise you to ensure that your child's transportation vehicle complies with these norms. The safety of our students is non-negotiable.

Please note that in the event of an unforeseen incident during transportation, you will be solely responsible. To ensure your child's safety, please take the following steps:

1. Verify that the vehicle meets all safety norms as per the **Safe Vaahan Policy**.
2. Ensure that your child only uses authorized transportation that complies with these norms.

Your cooperation and attention to this critical matter will be appreciated.

Yours Sincerely,
