Dear Parents,

Greetings and I hope you and your loved ones are all well and taking care of yourselves.

This year has been an unprecedented one where blended learning became the norm and we learnt to live with a new normal of physical distancing.

We are extremely grateful to the parents who have fully cooperated with us and fulfilled their financial obligations in time so that the institution and its functioning went off smoothly.

As already informed the fees of the last quarter of this academic session is due by 30th January, 2021. We are thankful to those who have already deposited it. This is a gentle reminder to those who have yet not deposited the fees to do so at the earliest. Those who have any pending fees to be deposited are also requested to deposit them immediately. Please remember, any financial obligations if kept pending become huge liabilities and difficult to fulfill. If you have any genuine difficulty in making the payments please contact the school administration.

I am sure this too shall pass and Together We Can and Together We Will rise to greater heights.

With Regards,

Navita Puri
(Mrs Navita Puri) 27/1/2021

Please note that after 30 Jan, 2021, Fee willn't be accepted through cheque.
