“CBSE New Generation School”

(Affiliated to Central Board of Secondary Education upto Senior Secondary Level)

Ref. No. KVM/281

Dated. 25.06.2021

Dear Parents,

Greetings and I pray that you and your loved ones are all well and taking care of yourselves.

The online classes have resumed after a rejuvenating break and we have had some great news. Our school was adjudged among “Best Schools in India” based on student performance in the National Mathematic Competition. Our student Shivam Gupta is the District Topper in the NTSE State level Examination while 2 others have been placed in the top 100 in the state. Our student Divyam Gupta has been selected on a fully funded scholarship 4 year course in South Korean IIT. Arnav Mehta has been selected by CBSE for the Intel AI4Youth Virtual Internship in collaboration with Technical University of Singapore.

All these achievements have only been possible due to the combined efforts of the school faculty and the parents of our students. We need to keep working together to ensure excellence of our students. In consideration of requests received from many of you, regarding waiving off some charges in the fee amounts, our school management has magnanimously decided to postpone collection of some charges in the fee to be paid for the current quarter. I humbly request all who have still not paid the fees for the first quarter, to submit the fees latest by 5th July, 2021 to maintain this perfect synergy between all of us stakeholders. Please ignore the above request, if you have already paid the fees.

I am certain that we can and we will continue to emerge stronger together through these challenging times.

With warm regards,

*Navita Puri*
